Illusions of Location Theory
Consequences for Blue Economy in Africa
Francis Onditi,
Riara University
Douglas Yates,
AGS Paris (Eds.)

This book questions the relevance of 'location theory' in explaining the coastal-hinterland continuum and the implications for the utilization of blue economy ecosystem in such a contested space in Africa. It argues that the harmonious relationship between states, and efficient exploitation of the blue economy ecosystem, lies in the structural transformation of markets and bridging the spatial and social divide between coastal and hinterland societies.

Selflessness in Business

Dominika Ochnik (Ed.), University of Opole

This book deals with a controversial and seemingly paradoxical relationship between selflessness and business. It depicts the primary and lasting controversy between the selfish (egoistic, competitive) and selfless (pro-social, co-operative) behavior in view of social, organizational and individual benefits. It aims to reveal possible solutions to present and future challenges and enhance the meaning of positive outcomes of selfless behavior in business and work environments.

A Socio-Criminological Analysis of the HIV Epidemic

Bruno Meini

An analysis of the multifaceted socio-criminological dimensions of the HIV epidemic, this book positively contributes to the ongoing debate on infectious diseases. It aims to create an independent epistemology of HIV to explicate the social forces influencing the course of the epidemic and reframe the popular discourse to reflect sociological conceptualisations.

How Law Works

Collected Articles and New Essays

Thomas Hemnes

This book chronicles developments in legal practice, intellectual property, and privacy law from the dawn of the digital age to today’s world of social media and cloud technologies. Part autobiography, part legal history, and part philosophy of law, it explores the nature of legal reasoning, property, privacy, and personal identity. An indispensable resource for anyone studying the emergence of intellectual property rights as a cornerstone of the modern economy, this book also serves as a foundational reference tool for professors, students, and practitioners of intellectual property.

William H. U. Anderson (Ed.),
Concordia University of Edmonton in Alberta

Theology is in a unique interdisciplinary position to deal with the many issues, pro and con, that technology raises. This volume strikes a hard-to-find balance: treating the subject with scientific rigour and theological depth, and bringing much needed cultural awareness and sensitivity.

Reintroducing Philosophy
Thinking as the Gathering of Civilization. According to contemporary, Islamicate and ancient sources
Anthony F. Shaker

This book moves away from the Western-centric worldview, and analyses themes from several varied world traditions in logic, knowledge and metaphysics connected with the quest for completeness of thinking and practice.

Personal Identity in Moral and Legal Reasoning
Richard Prust, St. Andrews University
Jeffery Geller, UNC Pembroke

This book reveals what underwrites our most fundamental beliefs about a person’s rights and responsibilities. It provides a powerful tool for interpreting the protocols of a person-respecting society by making explicit the axioms of character logic and exploring their origins and justification.

$43 | €36 | £32
Subjects: Personalism, Philosophy, Ethics and Moral Philosophy.
Also available in Paperback and E-book.

Editorial values and standards
A work’s contribution to knowledge, irrespective of approach or perspective, is the central criterion of our acquisition process. Importantly, our acquisitions are driven by their research impact and current academic trends rather than saleability. Peer review, in-house editorial expertise and collaboration with advisory editors ensure our titles are relevant and of a high academic standard. Our commitment to scholarship has been recognized with inclusion in the lists of academic publishers maintained by the Spanish National Research Council, the Finnish Publication Forum and the Norwegian Centre for Research Data.

Maximum exposure
We work closely with our industry and academic community partners to understand current trends and market our titles appropriately. Besides traditional book marketing, we make extensive use of digital marketing tools and are able to work with authors on promotional activities. All our books are also published as e-books and paperbacks. As reported in WorldCat, our books are held by academic libraries worldwide. Our books are also available through a wide range of specialized resellers, e-book aggregators, select academic bookshops and online retailers such as Amazon and Barnes and Noble.

Quality commitment
Thanks to our growing community of reviewers all our books are peer reviewed. Committed to producing high-quality titles, we employ tried-and-tested quality control processes in all stages of production. Our editorial checks ensure that all books adhere to high standards of consistency, readability and coherence. We adopt a pragmatic approach to turning around a manuscript quickly and intervene only when necessary.

Individual attention
We care for and pay attention to the needs of each of our authors. We are responsive to author queries and strive to keep you up to date with manuscript’s progress towards publication. We only enlist qualified and sufficiently motivated experts to review your work and guide them to offer constructive criticism. This ensures that peer reviews are thorough, constructive and respectful of your effort as an author.

No cost burden & flexibility about sharing
It’s simple: we never charge authors for publishing - no hidden fees, no surprises. Our no-charge promise reflects our confidence in commissioning only high-quality works, the quality of our production and the efficiency of our workflow. Authors of monographs are offered complimentary copies of their book and all authors can purchase additional copies at a 40% discount.
